AUKUS ELECTRONIC WARFARE INNOVATION CHALLENGE

ASCA-AUKUS01-2024

7 MAY

- Request for Proposal - Defence Support and Reform Group

The Advanced Strategic Capabilities Accelerator (ASCA), an initiative of the Australian Government's Department of Defence (Defence), has been established to support Australian companies, businesses and academic and research organisations to rapidly develop innovative solutions that enhance Australian Defence Force capability. On 2 December 2023, Defence Ministers from the United Kingdom, United States and Australia announced an innovation challenge series for AUKUS Pillar II: Advanced Capabilities. The first of these challenges will be focussed on Electronic Warfare (EW). The challenge series will be administered by the AUKUS Innovation Working Group (IWG) made up of representatives from all three (3) countries. The AUKUS IWG will use each nation's respective innovation system to simultaneously run and manage the challenge processes for that nation. ASCA is requesting proposals from tenderers in response to the first challenge released by the AUKUS IWG, detailing their innovative solution to the Challenge Statement.

Challenge Statement:

The electromagnetic spectrum (EMS) is a heavily congested, contested, complex and competitive environment, and there is an increasing need for low cost, disposable, high volume and highly autonomous capabilities to achieve asymmetric advantage.

How might Defence harness the EMS to project force to target adversaries and counter their ability to target AUKUS partners?

Contract period from 5 July 2024 to 22 July 2024.

Closing Date: 2:00 PM Tuesday 7 May 2024

Enquiries: Advanced Strategic Capabilities Accelerator Office,
Email: asca.innovationchallenges@defence.gov.au

DEFENCE TENDERS – AMENDMENTS

PROVISION OF SCHEME WATER SUPPLY TO WEST AND SOUTH BULLSBROOK - WA

PFAS 23/24-39532

4 APR

Ext. From 28 Mar

- Request for Tender - Medium Works Contract (MW-2 2021)

The Department of Defence (Defence) explored a range of options to address water supply needs for residents in West and South Bullsbrook, where restrictions exist on the use of water extracted from private residential bores due to the presence of poly-fluoroalkyl substances (PFAS) in local groundwater. After investigating alternative sources of potable water supply to address restrictions within the PFAS management area around RAAF Base Pearce, Defence determined that the provision of Water Corporation produced scheme water to affected residents to be the most suitable option. The provision of scheme water complements the management and remediation solutions on and around the Base. The works will facilitate approximately 188 residential lots in West Bullsbrook to receive a metered, potable water service from the new Water Corporation (WC) water main allowing for reticulation within the private properties to serve domestic residences and living quarters in the RAAF Base Pearce PFAS Management Area in Bullsbrook, Western Australia. The preferred contractor will be employed under the Medium Works Contract.

Closing Date: 4:00 PM Thursday 4 April 2024

Enquiries: Tender Administrator, Email: pfas.tenders@defence.gov.au

Copies of RFT: www.tenders.gov.au

PROPERTY UPGRADE WORKS - KINGSTON TASMANIA

DHA-PROC-76304

14 APR

Ext. From 8 Apr

- Request for Quotation - Defence Housing Australia

Defence Housing Australia (DHA) invites responses to this Request for Quote (RFQ) to carry out upgrade works to one (1) property at 1 Corlacus Drive, Kingston, Tasmania.

Site Inspection: A Site Inspection will be held at **1 Corlacus Drive, Kingston, Tasmania from 10:30 AM to 3:30 PM on Tuesday 12 March 2024**. Tenderers must contact the Enquiries Officer by email, on Friday 8 March 2024 if wishing to attend.

Works to be completed within 12 weeks of contract execution.

Closing Date: 3:00 PM Sunday 14 April 2024

Enquiries: Procurement Officer, Email: property.rfq.vic@dha.gov.au

Copies of RFQ: www.tenders.gov.au

OTHER GOVERNMENT DEPARTMENT TENDERS

PROVISION OF CONTAINERISED CLEAR WATER STORAGE TANKS

PR15050

8 APR

- Request for Tender - North East Water Victoria

North East Water intends to remediate a series of Clear Water Storage (CWS) assets as part of a separate construction contract. Before undertaking any of these remediation activities, North East Water has determined the need for a series of Containerised CWS tanks are required to ensure that day to day potable water supply is still available to its customers that would usually be serviced from the CWS assets being remediated. The Tanks to be procured are required to be delivered to North East Water in a limited timeframe to ensure remediation activities are able to take place during the upcoming low water demand periods of the winter months.

Virtual Industry Briefing: A Virtual Industry Briefing has been held.

Closing Date: 9:00 AM Monday 8 April 2024

EMERGING SATELLITE INTERNET SERVICES OFFERINGS - PRICE GUIDE

EOI 24-9759

16 APR

- Expression of Interest for Specific Contracts - Digital & ICT NSW

Comprehensive network connectivity across NSW is required for the programs being delivered by the NSW Telco Authority, Emergency Service Organisations (ESOs) and multiple NSW Government Agencies. To provide ubiquitous connectivity across NSW, there is a need to increase the diversity of technology solutions to enable NSWTA to manage the communication demands of ESOs, Agencies and the community during major incidents, natural disasters, and in circumstances where there is no currently available connectivity for end-users. It is a NSW Government commitment to narrow the digital divide and lift digital equity for all customers in NSW, in both urban and regional communities. Considering the dynamic nature of satellite services and the evolving technology and user requirements, an ideal system will assess the feasibility and benefits of introducing enterprise plans alongside subscription-based offerings. New solutions will involve understanding the distinctive demands and preferences of enterprise clients, as well as identifying potential advantages such as advanced features, personalised support, scalability options, and customised solutions tailored to fulfill the diverse organisational needs.

Closing Date: 10:00 AM Tuesday 16 April 2024

Enquiries: Daniel Kruger, Tel: (02) 8575 1609,
Email: TelcoAuthorityRfx@customerservice.nsw.gov.au

Copies of EOI: www.tenders.nsw.gov.au

TO ESTABLISH CONTRACT FOR NUCLEAR INDUSTRY STAKEHOLDER ENGAGEMENT STRATEGIC ADVICE AND IMPLEMENTATION

031 - ARWA - 2023/24

17 APR

- Request for Tender - Department of Industry, Science and Resources

Department of Industry, Science and Resources is seeking tenders from suitably qualified contractors for services that will include nuclear-specific stakeholder engagement, often in person, with impacted communities, nuclear industry stakeholders and the broader public - to support a comprehensive understanding of the nation's radioactive waste inventory, origins and need for safe management. This is a highly specialised high-outrage area and there are times of uplift where urgent assistance is required and additional industry-relevant specialist support is needed, including upskilling staff to undertake these activities in a high outrage environment. The contract procurement is being undertaken at this time as these skills are especially relevant during the early stages of a new radioactive waste management approach being identified (i.e the first 3–5 years for a 100 year radioactive waste management project).

Contract period from 01 July 2024 to 30 June 2026 - plus extension(s).

Closing Date: 2:00 PM Wednesday 17 April 2024

Enquiries: Procurement Officer, Email: ARWAProcurement@industry.gov.au

Copies of RFT: www.tenders.gov.au

PROVISION OF TRANSPORTATION SERVICES FOR FREIGHT SEA CONTAINERS AND VARIOUS EQUIPMENT AND GOODS

DFES226023

17 APR

- Request for Tender - Department of Fire and Emergency Services WA

The Department of Fire and Emergency Services (DFES) is responsible for fire and emergency services in Western Australia and also supports the WA community against the unpredictability of natural hazards and emergency incidents. DFES is seeking a suitably qualified provider who has the specialised skills to undertake logistical services in the transportation of such items as freight (sea) containers, transportables and various equipment and goods.

The required transport services under this contract are grouped into the following:

- Transport Services for Emergency Incidents.

This is time dependant transport of various equipment for emergency management operations from the Perth Metropolitan to Regional locations of Western Australia. The services will include but not be limited to transportation of freight (sea) containers, transportables and various equipment and goods required for such emergency incidents.

- Transport Services on ad-hoc basis.

This is not time-dependant transport of required equipment and goods between DFES premises across Western Australia.

Note: DFES is seeking only one (1) supplier for both services.

Closing Date: 2:30 PM Wednesday 17 April 2024

Enquiries: Richard Adolphe, Email: richard.adolphe@finance.wa.gov.au

Copies of RFT: www.tenders.wa.gov.au

STANDING OFFER ARRANGEMENT FOR PROFESSIONAL SERVICES AND CONSULTANCIES

RFT0021

18 APR

- Invitation to Offer - Ports North Qld

Ports North is a Queensland Government Owned Corporation responsible for the development and management of the declared Ports of Cairns, Cape Flattery, Karumba, Mourilyan, Skardon River, Quintell Beach, Thursday Island, Burketown and Cooktown. Ports North has a range of strategic land holdings, including approximately 207 hectares of freehold and 807 hectares of leasehold Strategic Port Land and properties across its ports. With extensive marina and tourism facilities particularly in Cairns, Ports North's operations and facilities are vital to the economic development of the regional centres they service and the State's tourism and export performance. Ports North wishes to establish a Standing Offer Arrangement (SOA) with a Panel of Consultants for the provision of Professional Services & Consultancies. The SOA covers a variety of consultancy disciplines applicable to Ports North activities.

Closing Date: 4:00 PM Thursday 18 April 2024

AIRCRAFT PILOTING AND MAINTENANCE SERVICES

SS26161

23 APR

- Request for Tender - Digital & ICT NSW

The Principal currently owns VH-NSW, a 1981 Cessna 421C aircraft for the purpose of acquiring airborne LiDAR and Imagery. The aircraft is fitted with a Leica Geosystems TerrainMapper2 (TM2) Airborne Multi-Spectral Hybrid Sensor and peripheral equipment (Note: the Principal may use alternate sensors during the contract period).

The Principal requires a vendor to provide:

1. A qualified, licensed and experienced pilot for VH-NSW. Who must be available to pilot the aircraft as and when required by the Principal (as required by the Civil Aviation Safety Authority (CASA), for this class of work or as may be additionally required by these specifications). The pilot shall hold a current commercial pilot licence with twin instrument flight rules rating endorsement and demonstrated experience in command of a conventional twin-engine aircraft.
2. Service and maintenance of VH-NSW, under Civil Aviation Regulations (as amended or replaced) and in accordance with the Civil Aviation Act 1988 as amended or replaced, and to fulfil any directives of CASA as required. Progressive maintenance will be noted in the aircraft logbooks and following the manufacturer's recommended maintenance system.
